

## Links

Holmwood Consulting Limited is a "network organisation" and often partners with other experienced and qualified organisations, either as the prime contractor or as a subcontractor, to mutually expand business opportunities and optimise resources.

We are pleased to provide web site links to the following organisations with which we have close working ties.

Design and Implement  
Experts in Power Market Design

[www.designandimplement.com](http://www.designandimplement.com)  
Global Energy Advisory  
Experts in independent European price volatility modelling, trading risks and other advisory services  
[www.globalenergyadvisory.com](http://www.globalenergyadvisory.com)

Interested in working together on assignments? We invite independent consultants, niche consulting and other related businesses to contact us for discussion. Holmwood Consulting Limited is also always happy to hear from larger companies and energy industry organisations looking for additional skilled resources on a project by project basis.

To find out more, please email us directly at [info@holmwood-consulting.com](mailto:info@holmwood-consulting.com) with a brief description of the nature of your interest and your organisation's business.
