

## UK courses- Gas trading, LNG & Oil

We are very pleased to be working with established international training provider IFF Energy Limited (sister company to ICBI conferences and part of the worldwide Informa Group) to regularly deliver a new portfolio of courses for public training in London UK, including:

**Essentials of Gas Trading & Risk** - This 3-day course presented by Leigh Bolton provides a comprehensive introduction for those looking to gain a better understanding of trading and risk management activities with respect to European natural gas. Please use [this link](#) for more information and to book for the 21-23 June 2010 course dates.

**Essentials of Oil & Gas Industry** - This intensive 2-day course presented by Leigh Bolton allows delegates to get to grips with the fundamental issues of the global Oil and Gas business, and what the future might hold. Please use [this link](#) for more information and to book for 25-26 October 2010 and 7-8 March 2011 course dates.

**Mastering Global LNG** - This 3-day highly interactive course is presented by Leigh Bolton and comprehensively addresses the dynamics of the key technical, market and commercial issues of the global LNG business in non-technical language making it suitable for a multi-disciplined audience. Presentations are reinforced by case studies of project activities and group exercises. Please use [this link](#) for more information and to book for the 27-29 October 2010 and 9-11 March 2011 course dates.

**Mastering Oil & Gas Commercial Contracts** - This 3-day highly interactive course is presented by Holmwood Associate Consultant Angus Warren and comprehensively addresses the key commercial factors and negotiation strategies in the oil & gas business in non-technical language making it suitable for a multi-disciplined audience. Presentations are reinforced by case studies and group exercises. Please use [this link](#) for more information and to book for the 13-15 September 2010 or 2-4 March 2011 course dates.

**The 5-day Oil & Gas MBA** - This in-depth, highly interactive course is presented by Holmwood Associate Consultant Angus Warren and comprehensively addresses the structure, development, key business issues and commercial factors in the oil & gas business in non-technical language making it suitable for a multi-disciplined audience. Presentations are reinforced by case studies and group exercises. Please use [this link](#) for more information and to book for the 15-19 November 2010 or 28 March to 1 April 2011 course dates.

These courses and "bespoke" variants of them are currently being provided to various companies as in-company training in the EMEA region. Please contact IFF Energy on [this link](#) for more information and to book 2010 in-company delivery dates.
